Rita Axford, RN C, Ph.D.
Professor, Chair of On-Line Nursing Program
Department of Nursing
Regis University
333 Regis Boulevard
Denver, CO 80221

Dear Dr. Axford,

This letter is written in support of Victoria Hall, RN, MSN, CCRN and her desire to participate in the on-line nursing program. I am familiar with Victoria's talents through her position as a critical care nurse in our Coronary Care Unit, as a member of our Clinical Practice Committee and as a clinical instructor for Regis.

I believe that Victoria would be a fantastic asset to an on-line program. Her strengths include relentless pursuit of evidence based practice and negotiation through the maze of internet resources. We rely on her expertise for our practice committee and I enjoy numerous links she sends me via email! As an instructor, I find her to be the perfect match for student nurses because of her patience, enthusiasm and attention to detail. She would be a wonderful addition to the program.

Sincerely,

Colleen Keller, RN, MS, CCRN
