Question: What aspects of this course were the most valuable to your learning?
Response Rate: 90.00% (9 of 10)

- the professor gave good constructive feedback on assignments
- The projects help understand what was really needed for teaching and learning
- The feedback about APA
- The content
- Support and extra resources from instructor. Final presentation/Teaching project
- Instructor Feedback
- I really enjoyed learning about teaching and learning theories in this course.
- Dr Brahe was available by email and answered my almost daily questions. She supplied us with all the tools to be successful. I learned alot about being a good teacher from her! She was encouraging and really expected the best but provided the tools to be able to produce the best work. I was not left guessing which I really appreciated. She was one of the most present and available on line instructors I have had at Regis.
- Assigned Palmer readings, creating a presentation on something that I saw was needed at my place of employment

Question: The most significant thing I learned in this course was...
Response Rate: 90.00% (9 of 10)

- learning objectives learning theory blooms taxinomy how to use powerpoint.
- That all educators have fears its a matter of overcoming them that matters
- I enjoyed all of the weekly discussions, reflections, and projects that we had to complete. I enjoyed the educational offering because I felt like I learned so much and was able to integrate what we learned throughout the whole course into this presentation.
- How to utilize methods and theories to construct my education presentations
- How to put together a presentation
- How to be a better teacher and a good learner
- Development of own teaching philosophy and methods to teach effectively.
- Although we can be the educators, we can also learn from those who we are providing teaching to.
- APA is not structured to make sense. I just need to follow the rules! I learned alot about myself through self reflection and about what its like to be a learner and a teacher.

Question: This course could be improved if...
Response Rate: 90.00% (9 of 10)

- n/a

- The reading amount could be summarized too Much reading time better spent with some recorded lectures on the topic. Not much has changed in 5 years for this course. There should have been more opportunity to practice on learning theories. There should be more examples of work that was completed in past for power points papers that were due. Some may need examples to follow.
- Reduce the amount of work. It is honestly just ridiculous
- Reading is more than extensive and almost impossible to thoroughly complete.
- N/A
- IT was difficult to get everything done for week 7 presentation ahead because I had not learned the material yet so week 6 was pretty intense.
- I never used the Benner book, felt that was not a needed purchase for this course.

Question: Describe any factors that limited your learning in this course?
Response Rate: 90.00% (9 of 10)

- none
- none

- Time...Always a challenge to get through so much reading in very short time frame
- The reading was really heavy but Dr Brahe helped by providing powerpoints and helping to narrow what she wanted us to concentrate on.
- The amount of time needed
- Reading way too much. At some point the brain just turns off
- N/A
- Difficulty completing full reading d/t extensive amount.

Faculty: Victoria Brahe
Question: The instructor is effective because...
Response Rate: 100.00% (10 of 10)

- she is quick to respond to questions and concerns, is very understanding and presents information in other manners to help us learn
- She's very patient and easy to reach out to and very kind
- She was clear with expectations and gave information in multiple places as well as frequent reminders and tips to succeed.
- She took the time to give concise, constructive feedback
- She provided everything we needed to be successful and more. She was engaged and answered my almost daily emails. She taught me more about APA than any instructor I have had and really allowed us to focus on the material at hand by placing forums and handouts and tips along the way.
- She provides support and extra resources for students to aid in learning/allow for more efficiency.
- She made time to answer questions and concerns present and honest when it was needed allowed for others opinions. She gave examples of how to write objectives short cuts for Apa templates for papers
- She is very passionate and cares about our learning process. Feedback is excellent
- She is passionate about what she is teaching and knowledgeable
- Dr. Brahe always was fast with responding and very involved with the course. She was so positive and made me feel prepared and organized. She gave great feedback for assignments, and she was very fair.

Question: The instructor could be more effective if he/she...
Response Rate: 100.00% (10 of 10)

- she is wonderful already! Thank you
- nothing, online instruction can be difficult for students to navigate and Dr. Brahe does a great job!
- none
- n/a
- Would add more lectures recorded to go with some of the reading. Put own touch on teaching
- Reduced the amount of homework went in the class
- N/A
- Lessen reading workload by using a method that allows students access to content, yet does not require such extensive reading. The amount of reading is overwhelming.
- I would change nothing. She is one of the best instructors I have had so far. I can think of 3 instructors that I really felt added to my learning and she is one of them!!
- At times I found it difficult to figure out which discussion forum I could find what I needed. Maybe not so many forums plus e-mail for communication.
